Stanley Gale Partial Curriculum Vitae

SKI AND SNOWSPORTS LITIGATION SUPPORT AND CONSULTATION

- Analysis for Plaintiffs and Defendants
 - 16 years in private practice
 - Retained in 32 U.S. states (federal and state courts), Switzerland, Canada, and Australia
 - Majority of retained cases settled before trial

- My Areas of Expertise are:
 - Winter sports site evaluation and incident investigation – snowmobile and snow cat incidents, terrain park incidents, ski lift incidents, ski instruction incidents
 - Determination of causation, mechanism of injury, foreseeability of risk
 - Use of customary industry practices with regards to standards of care, and best practices
 - Training regimes, risk mitigation measures and feasibility
 - Evaluation of the safety policies of ski resorts, tubing and sledding areas, and snowmobile tour companies
 - Operational analysis of resort designs and terrain
 - Avalanche investigation and avalanche mitigation
 - Collisions with natural and man-made hazards, and with motor vehicles

OVERVIEW OF INDUSTRY EXPERIENCE - 51 Years, Beginning in 1968

- Incident Investigation and Reconstruction Expertise
 - The relationship of ski mountain terrain, geography, and topography to safety issues on:
 - Ski trails, alpine bowls, side country, and back country
 - Slow zones
 - Areas at or near merging trails
 - Terrain park analysis
 - Design and maintenance of winter sports facilities
 - Skiing patterns and collisions
 - Customary trail checking, opening, closing, and maintenance
 - Snowmobiling, tubing, sledding
 - Avalanches

- Ski Patrol Experience
 - National Ski Patrol 1968-2019 (51 years)
 - Credentialed NSP Outdoor Emergency Care Provider
 - Attended numerous NSP-sponsored educational workshops, case study reviews, and ski patrol response scenarios
 - 37 years active ski patrolling experience – front line patroller, ski patrol director, assistant director, ski patrol trainer, trail sweep leader, and team leader/foreman
 - Logged thousands of hours observing skiers on the slopes and enforcing Your Responsibility Code
 - Trained and skilled in identifying reckless and out-of-control skiers, and assessing safe and unsafe skiing movements and tactics
 - Experience identifying risk, hazards, and responding to collisions and other injury-producing events, including being the first ski patroller on scene and caring for injured guests
 - Colorado Certified Emergency Medical Technician, 1980-2013
- Personal Ski and Snowsports Participation
 - Locations: United States, Canada, Australia, Austria, Switzerland, and Germany
 - Skied approximately 375 ski areas
 - Experience evaluating sledding and tubing at approximately 100 locations
 - Since 1970, operating snowmobiles on-trail, off-trail, and on ski slopes
 - Thousands of hours assisting ski lift operators loading and unloading and maintaining safety corral perimeters – surface lifts and chairlifts
 - Back country ski guide in alpine and avalanche terrain, snowmobile guide
 - Copper Mountain Glacier Award, Fifteen Year Service Award, 1999
- Ski and Snowsports Teaching Experience
 - Decades of experience teaching and implementing Your Responsibility Code
 - Credentialed instructor by the Professional Ski Instructors of America
 - Attended classroom and on-snow classes on chairlift loading, movement analysis, offensive and defensive tactics, guest safety, supervision, and teaching methods

EDUCATION

1974 University of Northern Colorado, Greeley – Master of Arts
Education of the Visually Impaired, Grades K-12

Rocky Mountain Ski & Snowsports Consulting
